

## **Implementation of the national rate according to the agreed resolution 8/55: “Do Not Smoke Tax (D.N.S.T.55A.V.)”**

Meeting of the superior council of sisters at 10:00 A.M. to solve about the mentioned tax.

### **Factual background:**

Tobacco is a harmful and disgusting vice that damages the health of absolutely the entire population, smokers and non-smokers too. Tobacco is one of the worst drugs present in our enemy patriarchal society. Through drugs, such as tobacco, patriarchy subdues people, no matter whether they are men or women, and weakens them to make them dependent on the laws dictated by nasty macho men. Because of tobacco, many brilliant women do not realize the power they have for the simple fact of being women. Because of tobacco, patriarchy is perpetuated over time and prolongs the submission of our sisters who live in patriarchal areas.

### **The superior council of sisters agrees:**

To make the fight against tobacco use a priority by punishing the consumption of this harmful drug levying a tax on it. So we decide to tax tobacco use by both male citizens and all sisters. The aim of this tax is to end the consumption of all kind of tobacco, so the tax will be called “D.N.S.T.55A.V.” (Do Not Smoke Tax 55A.V.). The money from this tax collected will be used to develop The Universal Gynecocratic Republic.

To ensure a correct and adequate processing of the payment of this tax, we agree to establish the following procedures.

a) All smoking sisters and all smoking male citizens from The Universal Gynecocratic Republic (our matriarchal country) should write by e-mail a message to "[neworderfemdom@gmail.com](mailto:neworderfemdom@gmail.com)" confessing their addiction to tobacco and reporting on the weekly amount of tobacco they smoke and the exact amount of money they spend weekly on that harmful vice.

b) The weekly amount of money they spend on tobacco will be the exact amount they will have to pay as “D.N.S.T.55A.V.” tax once a week, every Friday, by PayPal to our account "[neworderfemdom@gmail.com](mailto:neworderfemdom@gmail.com)".

c) All smoking sisters and all smoking male citizens will make an effort to smoke less and less, reducing tobacco consumption, until they manage to defeat such a harmful vice. Of course as they smoke less they will spend less money on tobacco and, therefore, they will reduce the rate to pay, as “D.N.S.T.55A.V.” tax to our beloved republic.

The superior council of sisters closes the session at 11:32 A.M.

NOVEMBER 5/55A.V.
