

Implementation of the national rate according to the agreed resolution 3/56: “Freedom Tax (F.T.56A.V.)”

Meeting of the superior council of sisters at 10:40 A.M. to solve about the mentioned tax.

Factual background:

Men are stupid beings, males are worthless creatures unable to think, unable to reason, unable to live a healthy and balanced life by themselves. The vast majority of men find their purpose in life by being enslaved by women or becoming citizens of our matriarchal republic.

Unfortunately some males are not real men, some males do not understand that their only purpose in life is to serve and adore us, women. Some males become citizens from The Universal Gynecocratic Republic and they regret it later. Once they see that our republic is much more than a sexual fantasy, that our matriarchal republic demands a total and absolute dedication, they long to regain their freedom.

Once that lazy males see the sacrifice involved in performing our sacred rituals, and how embarrassing it is for them to preach our gynecocratic philosophy all around, then they long to regain their freedom.

The superior council of sisters agrees:

To listen to all slaves (male citizens) which are not happy in our matriarchal republic and wish to regain their freedom. To study each case separately and consider the possibility of selling the property of the citizen, which wishes to recover the freedom, so that it can be free if that is its destiny.

So we decide to consider the possibility of selling the property title of the slave to any woman, girl or sister paying a single tax. The aim of this tax is to get rid of the leftover citizens in our republic, so the tax will be called “F.T.56A.V.” (Freedom Tax 56A.V.). The money from this tax collected will be used to develop The Universal Gynecocratic Republic.

To ensure a correct business transaction process, we agree to establish the following procedures.

- a) The male citizen who wish to leave The Universal Gynecocratic Republic should look for a woman around them who are willing to buy the male property.
- b) In case the slave (male citizen) does not find any woman around it who is interested in buying its property title, it will be offered to any of our sisters in case any of them are interested in buying it.
- c) The woman, or sister, interested to buy any property title will pay the fee by PayPal to the address: “neworderfemdom@gmail.com”.

The superior council of sisters closes the session at 11:32 A.M.
